

Hi Sycamore Class

Well that is the final full week of this school year finished! Just a few more school days to go to the summer holidays.

Well done for the all work you have completed on Seesaw this week – some really great sentences using the Word of the Day and some super work on fractions. I hope you have enjoyed all the geography activities as well – I have certainly learnt a lot about Uganda.

Have a fantastic weekend, enjoy the weather and get ready for your final few days in school.

Take care and stay safe.

Mrs Murphy
