

Home Learning Year 6

Practise your timestables

- Use TTRS or
- Multiplication packs

Read, read and read some more

- write down at least 5 great words you come across.
- Summarise the story, can you write a book review
- Redesign the cover

Bake something

Write the recipe so we can try it ourselves

Revision

- SATs bootcamp
- revision books
- homelearning packs (for those without or limited internet access).

Learn a new skill

Could be:

- Sewing or knitting
- a football trick,
- oragami

Things to do online

- TTRS
- SATs bootcamp
- Purple Mash
- Education City

Art

- Draw your favourite things
- Draw or create a collage of animals thinking about which parts of them have adapted and evolved over the years.
- Or how they live in their environment.

Write a story

- About anything you like or
- about someone who went on an exciting journey and discovered lots of new things (could be as crazy as you like).

Remember the structure:

- Somebody wants something
- So this happens
- But the problem is
- So they solve it by
- And in the end.

Theme work

- Find out some more about Darwin and create a quiz
- Find out about animals/plants which have adapted to protect themselves e.g. polar bears.
- Choose two Mister Men, what would their offspring look like?
